Chesterfields have done "the impossible"—they satisfy and yet they are not strong. They are MILD! Chesterfields do for your smoking what bacon and eggs do for your breakfast—they satisfy.

And yet Chesterfields are MILD—that's the point.

No other cigarette can give you this new enjoyment (satisfy yet mild) because no cigarette maker can copy the Chesterfield blend.

This blend is an entirely new combination of tobaccos and is undoubtedly the most important new thing in cigarette making in 20 years.

Will Mayfield Wins Over Marvin

Those who witnessed the football game on Sander's field Saturday were delighted by an exceptionally fine game of ball. Both teams were strong and determined to win.

With the training Will Mayfield has had since the season began, they played by far the most consistent game and the score made by them was well earned. Their playing was far superior to that of Marvin, which reflects much credit on their coach. The visitors had the pep and determination, and did not stop fighting until time was called, and we wish to say that each man on the team was a gentleman and played exceptionally clean ball. The game was excellent, full of pep and lots of fight. And all spectators agree that it was far from a "pink tea" affair.

The individual star for Marvin was their quarterback, Tolley, whose generalship throughout the game was perfect. Among the most prominent players in the local eleven were Porro, Pierce, Owens, Woods and Hatcher. The credit of the game is due in a large measure, to their excellent coach, Prof. Smith. He has taken eleven men, absolutely green to the game and made a team that fights like bulldogs, and works like a machine. While he does not make any boasts for his team this year, it can clearly be seen that thru his expert training he will have a championship team in another season.

First quarter

Will Mayfield kicked to Marvin goal

line, full back receiving ball. Marvin advanced the ball eight yards, Mayfield held Marvin for downs, on the punt Hatcher missed the ball entirely, but Fredericktown's official held that the ball touched Hatcher. Thru sheer politeness the ball was given to Marvin and by a pass to a man hiding on the side lines (the second bad decision by the F. official) the ball went over for a touchdown. Tally kicked goal.

The two teams battled to a tie in the second quarter, the score at the end of the first half standing Marvin 7, Mayfield 0.

Marvin kicked to Mayfield to start the second half and then the fireworks began. From this time on Mayfield played rings around Marvin, the remainder of the game being played on Marvin's territory.

Big Pierce with the aid of his linemen tore great gaps in Marvin's line and a pass of thirty yards to Hatcher put the ball on Marvin's fifteen yard line. Pierce went thru for a touchdown. Owens kicked goal. Marvin kicked to Mayfield, Yount received the ball, carried it to the middle of the field and with some more plunges and an excellent pass the ball was placed on Marvin's thirty yard line. Marvin then bristled and drove Mayfield back five yards and Hatcher signalled for a drop kick on Marvin's thirty-five yard line. Nothing could have been more perfect. The ball sailed right between the goal posts. This did not discourage Marvin and everybody takes their hats off to the pep and

fighting spirit they maintained throughout the game. The final score stood Marvin 7, Will Mayfield 10.

The only disappointing feature of the game was the crowd. If Marble Hill wants or expects to have games at home they will have to support the team better. It behooves the people to wake up and show their spirit over a team like the eleven that took Marvin to a cleaning. Now boys make every day count from now until Thanksgiving and we will do Marvin up worse than ever.

A FAN.

Prevention Better Than Cure.

Since there is such an agitation for the cure of tuberculosis, why not strike at some of the causes? We cannot expect a robust womanhood so long as our girls wear cob-web yokes, thin hose, low-cut shoes and flimsy nothings in winter.

How often we see women of consumptive families thus playing with death! At the same time they will tell you through blue lips and chattering teeth they are perfectly comfortable.

We have seen a young lady thinly dressed, and without wraps, consume a half hour telling "him" good-by—out in a drafty hall or on the piazza—of a bitter evening "He," of course, was very cozy in his furs. No doubt many a woman has filled

an early grave through this style of dress, which has neither comfort nor modesty to commend it. More potent than serum is common sense dress, and care of one's health.

May everyone this coming winter see the necessity of dressing for health, comfort and decency rather than for style!

Glen Allen, Mo.

The above article, which appeared in The Farm Progress, a St. Louis farm journal, October 1, 1916, won first prize in a contest put on by it. Mrs. Zwickers has many relatives here who will be glad to learn of her success as a writer. The good, common sense advice contained in the article is certainly commendable.

Ten Questions for Voters

Ten questions for voters to answer in advance of election day:

- 1—Why are the kungs of Wall street supporting Mr. Hughes?
- 2—Why are the great financial interests which favor a central bank, in substitution for the Federal reserve system, supporting Mr. Hughes?
- 3—Why are the high protective monopolists who prepared the schedules of the Payne-Aldrich tariff for Mr. Hughes?
- 4—Why is every enemy of American neutrality for Mr. Hughes?
- 5—Why are all advocates of armed intervention in Mexico for Mr. Hughes?
- 6—Why are the trusts and organized greed in every section of the United States for Mr. Hughes?
- 7—Why are the heroes of military conscription for Mr. Hughes?
- 8—Why is every political reactionary and Bourbon for Mr. Hughes?
- 9—Why is every enemy of industrial reform for Mr. Hughes?
- 10—Why is every boss and political grafter in the republican party for Mr. Hughes?—The Bulletin

Judge Huck in Perry County

The Perry County Circuit court convened here last Monday. Judge Peter H. Huck and his stenographer, Taylor Smith, as usual, were here in ample time to get right down to work. There are few judges in the state who can compare with Judge Huck in the matter of dispatching the business of the court. He just simply has a knack to facilitate matters. While he is strict in court matters, he is never harsh. Judge Huck, by his strict adherence to duty and sociability has made more friends than any judge ever did in this circuit.

Everybody knows that Judge Huck is honest in his judgment and sincere and conscientious in his work. Everybody connected with the court is courteously treated by him, and knowing that no better man can be elected for judge, the voters, irrespective of party affiliations, will re-elect him.—Perryville Sun

Benson Concedes Solid Millionaire Vote to Hughes

San Francisco, Cal., Oct. 20—After completing a transcontinental campaign tour and feeling out public sentiment from coast to coast, Allen L. Benson, socialist candidate for president, predicts the re-election of President Wilson.

On reaching San Francisco he was interviewed by The Bulletin, which quotes him as follows:

"The tendencies of the voters, as I have observed them, all incline toward the re-election of Mr. Wilson. If Mr. Hughes is permitted to talk long enough he will do for Mr. Wilson all that the president can't do for himself. Mr. Hughes is trying to get the solid millionaire vote, and I think he will succeed."

"Mr. Hughes was always a handy man for the Rockefellers. He went to church with them and taught a bible class there. When he became governor of New York he vetoed the 2-cent fare bill, which was so

bitterly opposed by the Rockefeller railroad, and tried to prevent the ratification of the income tax amendment."—St. Louis Republic.

Congressman Hensley

Among the many congressmen who have done well, Congressman Hensley of Missouri deserves special mention for his untiring efforts in behalf of people. He should be returned by unanimous vote.—The Commonwealth

That Battle Creek Speech

One can not read Colonel Roosevelt's Battle Creek speech without wondering whether the Colonel wants Hughes elected or is really trying to defeat him. Surely he cannot think that such a speech hurts Mr. Wilson.—The Commonwealth

Mr. Hughes dislikes the federal banking and currency law which will prevent panics. He does not like the child-labor law that will prevent the dwarfing of the bodies and minds of boys and girls in the factories. He is against the eight-hour law which is so distasteful to the railroad managers. Apparently the only thing that he would like is to see Charles Evans Hughes president.—The Bulletin

Baptist Church

REV. W. HERMAN, PASTOR

The meeting closed last Thursday night. There were seventeen conversions. While this is a result of incalculable value, it by no means measures the full effect of the meeting. The church has been strengthened, the spiritual consciousness of the Christian portion of the community has been deepened and the unsaved have been led in a large measure to consider their condition without a Savior.

Rev. Sorrell labored earnestly and faithfully to bring men to know Jesus as Savior and Lord. His presence and work among us will long be held in grateful remembrance and appreciation.

Next Sunday the pastor will attend the fifth Sunday meeting at Hickory Grove church in Wayne county. He will preach the dedicatory sermon at the dedication of the new building erected there. In the afternoon of the same day he will assist in the ordination of Rev. Leonard Davis to the Christian ministry.

On Friday and Saturday, November 3 and 4, the session of the Southeast Missouri Baptist Ministerial alliance will be held with our church. A large number of the ministers are expected to be present. This will be an occasion of unusual opportunity to all interested in church and school work to attend and hear the strongest men of the southeast section discuss these matters. The public is cordially invited to attend.
